Vitamins to VEGA!

29th. October. 2024

VITAMIN | Vitamin C

01

From October 28th, Jiangsu Jiangshan Pharmaceutical vitamin C continued to increase the price, the export price was raised to USD5.5 /KG.

AMINO ACID | Lysine

02

Recently, the export of lysine hydrochloride is good, factory reduced the supply of the domestic market, the spot is tight and the price is strong, the market inquiry has increased, and the delivery time of the factory has been extended. Pay attention to the recent orders and deliveries of the factory, and it is expected that the market will be strong in the short term.

API |

03

Xinhua Pharmaceutical announced that the simplified New drug application for Sevelam carbonate tablets was approved by the United States Food and Drug Administration. The drug, used to control hyperphosphatemia in patients with chronic kidney disease, has been marketed in more than 40 countries, with sales of about 993 million yuan in urban public hospitals in China in 2023. This FDA approval will help Xinhua Pharmaceutical expand its international market and enhance its competitiveness.

FOOD ADDITIVE | Xanthan gum

04

Recently, food additive xanthan gum affected by market demand, domestic mainstream manufacturers to maintain stable prices, prices near the bottom in recent years, the current domestic market transaction price in the price of about USD3-3.25/KG. In short-term, we forecast price to maintain stable operation, there will be no significant rise and fall.
