VITAMIN

01

During Shanghai CPHI, there are VA 500 manufacturers quoted USD11.7/KG, and some VC manufacturers quoted USD4/KG

AMINO ACID | Threonine

02

For threonine, the manufacturer's quotation is strong, and the overall transaction is not much. End users purchase on demand, some of them hold a wait-and-see mood, and they do not place much orders. At present, the export orders of enterprises are improving, and the price is USD1250-1260/MT. Focusing on the shipments and exports of manufacturers, the price of threonine is expected to rise slightly or stabilize.

API

03

On the evening of June 19, Fosun Pharma announced that Fosun Pharma Singapore, the company's holding subsidiary, sold 9.9 million Gland Pharma shares at an average price of INR 1771.81 per share (before tax) through a block transaction.

FOOD ADDITIVE

04

Affected by market demand, the price of food sweetener sucralose fell slightly, and the market price decrease little to USD13-13.5/KG. In the short term, the price change is not obvious, and we will continue to pay attention to market changes.
