# Vitamin China

Years of OEM, 2021 Sales 2024-01-15

Zhejiang Vega-A

Capacity: 1,000 MT

Zhejiang Vega-A Co., Ltd. is a professional manufacturer of vitamin premixes and feed additives, founded in 2008 and located in Jiaxing, Zhejiang Province. The company specializes in the production of fat-soluble vitamins, including Vitamin A, Vitamin D3, Vitamin E, Vitamin K3, and Vitamin B12, as well as customized multi-vitamin premixes for animal nutrition.

The facility covers a total area of 12,000 square meters and includes modern production workshops, quality control laboratories, and warehousing. The company has implemented a full-process quality management system and has obtained ISO 9001 certification. Its products are widely used in the feed industry for poultry, swine, ruminants, and aquaculture.

Vega-A has established long-term cooperation with several well-known feed enterprises and premix companies in China and exports its products to Southeast Asia, the Middle East, and Europe. The company emphasizes technical support and customer service, providing formulation guidance and stability testing for clients.

Zhejiang Vega-B

Capacity: 2,000 MT

Zhejiang Vega-B Co., Ltd. is a professional manufacturer of vitamin premixes and feed additives, founded in 2008 and located in Jiaxing, Zhejiang Province. The company specializes in the production of fat-soluble vitamins, including Vitamin A, Vitamin D3, Vitamin E, Vitamin K3, and Vitamin B12, as well as customized multi-vitamin premixes for animal nutrition.

The facility covers a total area of 12,000 square meters and includes modern production workshops, quality control laboratories, and warehousing. The company has implemented a full-process quality management system and has obtained ISO 9001 certification. Its products are widely used in the feed industry for poultry, swine, ruminants, and aquaculture.

Vega-B has established long-term cooperation with several well-known feed enterprises and premix companies in China and exports its products to Southeast Asia, the Middle East, and Europe. The company emphasizes technical support and customer service, providing formulation guidance and stability testing for clients.

Zhejiang Vega-C

Capacity: 500 MT

Zhejiang Vega-C Co., Ltd. is a professional manufacturer of vitamin premixes and feed additives, founded in 2008 and located in Jiaxing, Zhejiang Province. The company specializes in the production of fat-soluble vitamins, including Vitamin A, Vitamin D3, Vitamin E, Vitamin K3, and Vitamin B12, as well as customized multi-vitamin premixes for animal nutrition.

The facility covers a total area of 12,000 square meters and includes modern production workshops, quality control laboratories, and warehousing. The company has implemented a full-process quality management system and has obtained ISO 9001 certification. Its products are widely used in the feed industry for poultry, swine, ruminants, and aquaculture.

Vega-C has established long-term cooperation with several well-known feed enterprises and premix companies in China and exports its products to Southeast Asia, the Middle East, and Europe. The company emphasizes technical support and customer service, providing formulation guidance and stability testing for clients.
